TECHNICAL DATA SHEET

MANUFACTURED IN CANADA

LIQUID TOUCHLESS PLUS

PRODUCT NUMBER: NA273

This product is a highly built, viscous liquid detergent with a pleasant lemon scent. It is designed for use in automatic car wash systems, touchless car wash systems and with pressure washers. It is formulated with high-foaming biodegradable surfactants and a blend of chelating agents to effectively remove dirt and road film. This product has medium alkalinity and contains no solvents or phosphates. It is gentle on hands and is safe to use on all painted surfaces, metal parts, plastic and concrete.

DIRECTIONS:

When used with automatic brush equipment, adjust feed ratio to produce desired foam and cleaning. When used with touchless car wash or pressure wash equipment, dilute 1:100 to 1:300. Use hot water for best results.
