NoviChem BY NoviClean

TECHNICAL DATA SHEET

MANUFACTURED IN CANADA

TRI-FOAM RED

PRODUCT NUMBER: NA282

This product is a highly concentrated, red coloured detergent with cherry fragrance. It is formulated for use as a coloured foam additive to be used in combination with other coloured foams if desired. It may also be used in foaming brush and hand mitt applications. This product produces rich, stable, lubricating foam that washes away dirt and road grime while conditioning the finish for wax or sealant treatments. It rinses easily, leaving a sparkling shine. It is gentle on hands and will not harm paint, rubber or chrome and is fully biodegradable and phosphate-free.

DIRECTIONS:

When used to produce coloured foam, dilute the product with up to 300 parts of water. The concentration should be adjusted to desired colour level. Apply before final rinse, sealant and drying agent applications. When used in foaming brush and hand mitt operations it may be diluted with up to 400 parts of water.
